

How to add the BradARA website to a screen on an Android device

Find the Chrome browser and open it. Here's mine:

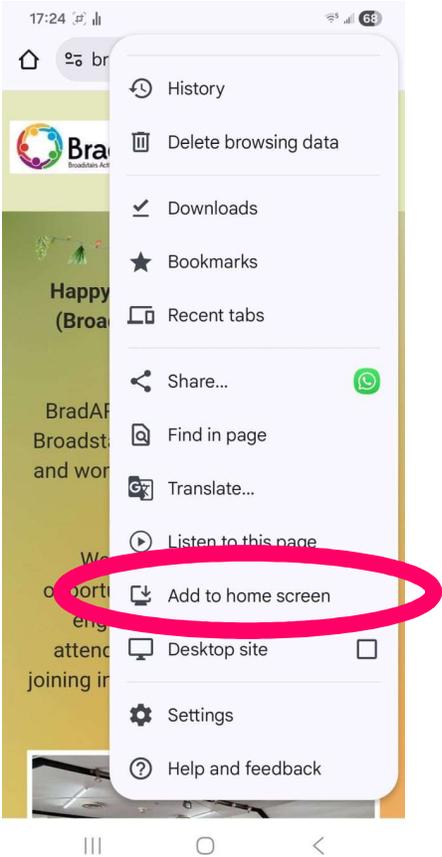

Search/open the www.bradara.club website:

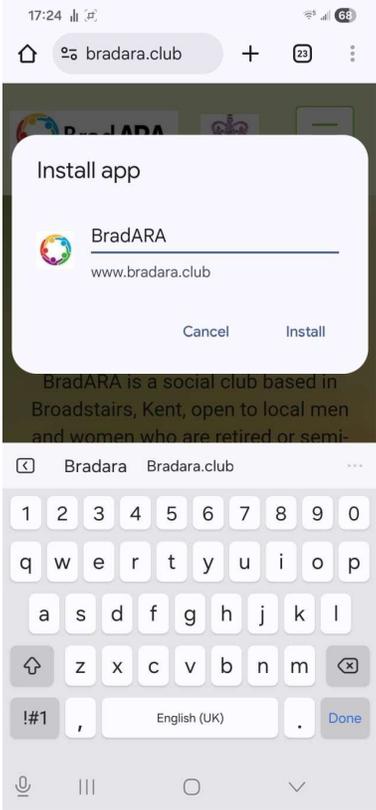

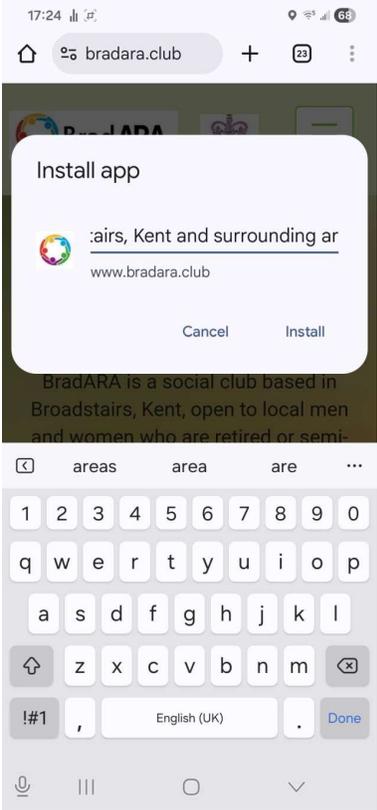

Click on the three dots in the top right:

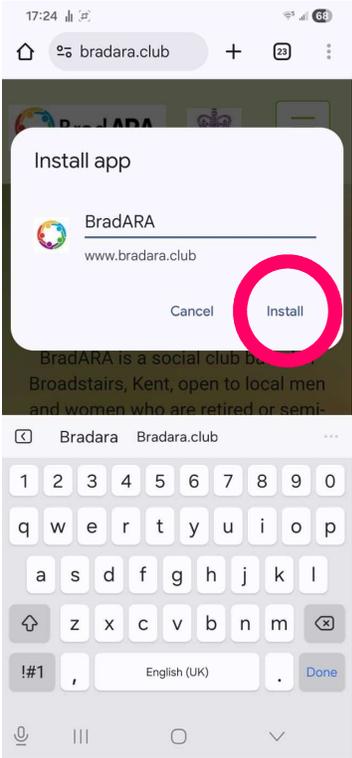

Scroll down the menu until you see 'Add to home screen' and click on it:

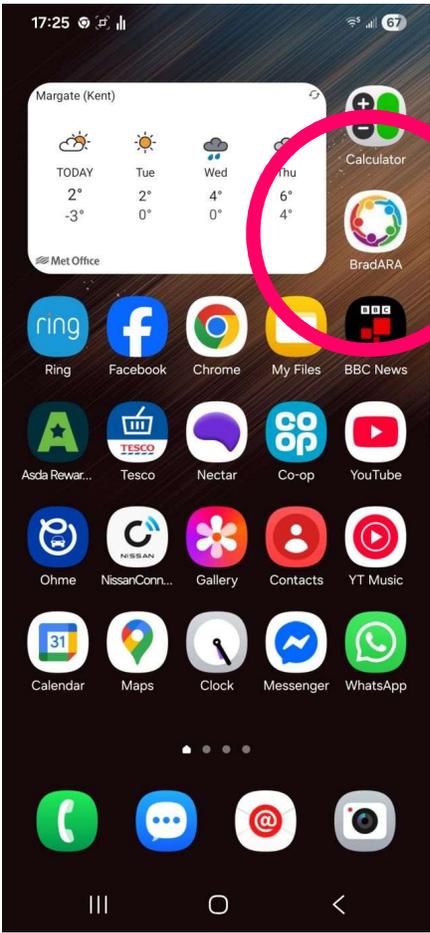

A rather long name is suggested, edit this down to 'BradARA':

Click on Install:

A BradARA icon will appear on one of your home screens. Clicking on this will open the www.bradara.club website:
